Dear David Fowler,

I am writing to submit my letter of support for the O2 Centre proposals for the planning reference number 2022/0528/P.

We need council properties too and offices for local charities at a peppercorn rent that benefit local community.

As well as a space for black owned businesses to have a affordable rent black residents are never included in development they are pushed out of area on purpose include black voices in the discussion.

Kind regards,

Zia Teshome

Dear David Fowler,

I am writing to submit my letter of support for the O2 Centre proposals for the planning reference number 2022/0528/P.

I support the plans because I like that the homes will be marketed to local people first and 35% will be affordable, this is important in helping support local communities. Housing is difficult in London especially places like Camden. There needs to be greater support for renters and young people and I hope that plans like this will improve the situation

Kind regards,

Sam

Dear Mr Fowler,

I have paid attention to the O2 Centre proposals as they have evolved over the last couple of years.

I am very happy to express my support for the proposals, as they make the most of car parking land and intensify retail space so close to major stations.

The large areas of publically accessible green spaces are welcomed, as they are so often omitted in major developments such as these.

I also strongly welcome the contributions towards step free access, and I urge councillors to ensure that funding is found to deliver step free at the crucial stations of West Hampstead and Finchley Road.

In conclusion, I support these proposals and hope that the application is approved.

Kind regards,

James Scantlebury
