Hi David,

I am writing NOT to support the O2 Centre proposals for the planning reference number 2022/0528/P, as in my opinion the current design doesn't work with the community needs and does not bring better things for the community rather than more people to a crowded area. I am an architect so I know what I am talking about. I would be more than happy together with my practice to give some advice on how to bring better things for the community and a better project that people can feel proud of.

Regards,

Fernando Presas

Kind regards,

Fernando

Hi David,

I am writing to strongly oppose the O2 Centre proposals for the planning reference number 2022/0528/P.

the area is already way too densely populated

creating another 1800 homes in that small area is way too much especially as only some of them would be affordable housing. The scheme will only benefit the developers.

the o2 centre already offers plenty of space for all the facilities needed but is not being used efficiently

Any scheme authorised should be for a maximum of 500 homes, which is already a lot and they should all be affordable housing. That's the housing most urgently needed Build less and properly for those people that really need it 1800 units is way, way, way too much in that little space you will build high rise boxes with tiny rooms all stacked against each other. Space it out, give families bigger rooms and make is affordable only

There is no shortage of accessible green space with Hampstead Heath just a short walk away.

the O2 was only built in the 99s and can surely be restructured to accommodate more local services.

do not permit 1800 units to be build there.

We use the car parks, the Audi and VW garages as well as home base.

Kind regards,

Jutta Moore

Hi David,

I am writing to reject the O2 Centre proposals for the planning reference number 2022/0528/P.

we do not need more people, vehicles, pollution, use of materials and services in an already overpopulated part of London.

I wholeheartedly reject this proposal.

Mr Amit Mandora

Kind regards,

Amit Mandora

Hi David,

I am writing to inform you that I definitely do not support the O2 Centre proposals for the planning reference number 2022/0528/P.

The area is already overpopulated, traffic has dramatically increased over time as well as crime in the area since I moved here 10 years ago.

Allowing these monstrosities of buildings be constructed would create huge problems for the area

Kind regards,

Alan D

Hi David,

I am writing against the O2 Centre proposals for the planning reference number 2022/0528/P.

I would like to know what will happen to the current gym and super market there has been no information in regard to this.

Yours sincerely

Holly Pontin

Kind regards,

Holly Pontin

Dear Mr Fowler,

I DO NOT support the O2 Centre Masterplan proposals for the planning reference number 2022/0528/P.

Far too many homes for the planned area with no extra pathways, roads or infrastructure for the area.

I object completely.

Kind regards,

Andrew

Dear Mr Fowler,

This email was automatically generated by the very biased Landsec site that is trying to drum up support for this deeply flawed plan.

So I am subverting their method of trying to get support

THIS IS NOT A LETTER OF SUPPORT THIS IS A LETTER OF OBJECTION

I OBJECT the O2 Centre Masterplan proposals for the planning reference number 2022/0528/P.

I totally OBJECT to the appalling O2 Centre Masterplan proposals for the planning reference number 2022/0528/P.

The scheme breaches local and national planning law and guidance in almost every aspect; massing, height, density, lack of amenities, lack of public space, poor fire safety design, impact on local services, transport. Even the metropolitan police hate it.

Do not approve this terrible scheme.

Kind regards,

Miles Thomas
