Dear Sirs/Madam,

I have received and reviewed a copy of the Planning Representations from the Confederation of Local Community Groups and I concur without reservation with the objections outlined by them to this planning application.

If allowed to proceed, it will bring untold misery to the community by taking away the few, but crucial amenities we currently have at the O2 Centre, make the neighbourhood ever more dense without proper facilities to cater to the increased population, take away vital parking and make public transport even more crowded. We urge you to deny the requested planning permission in its present format. Instead, the Planning committee could consider improving the facilities now provided at the O2 centre instead of demolishing it.

Thank you and kind regards,

Ruth Max
