3. If a council has a case of its powers under the Town and Country Planning Act 1947, it may apply to the Minister of Town and Country Planning for a certificate of title to land or buildings.

4. Applications for planning permission or for a certificate of title to land or buildings must be made to the local planning authority.

5. Local planning authorities may refuse to grant planning permission or to give a certificate of title if they consider it would be contrary to the public interest.

6. If a local planning authority refuses planning permission or a certificate of title, it must give a written notice of its decision to the applicant.

7. If the applicant is dissatisfied with the notice, he may appeal to the Minister of Town and Country Planning.

(2) Date of application 1947 June 25 (SAC/WA)

## Statement of Applicant's rights arising from the refusal of planning permission or from the grant of permission subject to conditions

1. If the Applicant is aggrieved by the decision of the local planning authority to refuse permission or proposed development or to grant permission or approval subject to conditions he may, on payment within one month of receipt of this notice, appeal to the Minister of Town and Country Planning in accordance with Section 16 of the Town and Country Planning Act 1947. The Minister has power to allow a longer period for the giving of a Notice of Appeal and he will exercise his power in the circumstances that the applicant has deferred the giving of notice because negotiations with the local planning authority in regard to the proposed development are in progress. The Minister is not however required to entertain such an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority or could not have been so granted otherwise than subject to the conditions imposed by them having regard to the provisions of Section 14 of the Act and of the Development Order and to any directions given under the order.
2. If permission to develop land is refused or granted subject to conditions whether by the local planning authority or by the Minister of Town and Country Planning and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted he may serve on the London County Council or in the case of land in the City of London on the Common Council of that City a purchase notice requiring that council to purchase his interest in the land in accordance with Section 19 of the Town and Country Planning Act 1947.
3. In certain circumstances a claim may be made against the local authority for compensation where permission is refused or granted subject to conditions by the Minister on reference of the application to him. The circumstances in which such compensation is payable are set out in Sections 20 and 29 of the Town and Country Planning Act 1947.

In connection with this development, I have to inform you that:-

- (a) it is advisable to consult the District Surveyor on points arising under Section 44 of the London Building Act, 1930, and the Council's officers before submitting an application under Part V of the London Building Acts (Amendment) Act, 1939;
- (b) the Chief Officer of the London Fire Brigade should be consulted as regards access and other facilities for fire-fighting and rescue;
- (c) the exposed flank walls of the buildings adjoining the northern boundary of the site should be properly finished and faced with some suitable material; and
- (d) attention is again drawn to informative paragraph (c) of the Council's letter of consent dated 3rd February, 1955, regarding the incorporation of a nursery school within the site.

Yours faithfully,

(Sgd ) HOWARD ROBERTS

Clerk of the Council
