2023/0282/P	W Phillips	25/02/2023 14:49:57	COMMNT	I am fully supportive of the planning document for the garden and balustrade. I am a tenant owner of a house on Chester Terrace and live in the house all year round. I believe it is a good idea to remove certain trees and to improve the communal gardens and rebuild all the balustrade in order fir it to be safer and more aesthetic over the long term - as in the document.
