Description of the Proposal

Please provide a description of the approved development as shown on the decision letter

Single-storey rear extension, alterations to the side elevation, replacement of the rear single glazed windows with double-glazed units, solar panels to rear roofsope and air source heat pump in the rear garden.

Reference number

2022/4587/P

Date of decision (date must be pre-application submission)

24/02/2023

Please state the condition number(s) to which this application relates

Condition number(s)

7

Has the development already started?

- Yes
 No

Part Discharge of Conditions

Are you seeking to discharge only part of a condition?

- Yes
 No

Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant
 Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes
 No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title

First Name

Surname

Reference

Date (must be pre-application submission)

Details of the pre-application advice received

Discussions with Contaminated Land; advice on additional investigation works to be carried out, which were undertaken and reflected in submission documents.

Email dated 5th December 2022: "...I can confirm the additional investigation is considered to be satisfactory, and the proposed cover system of 510mm is considered appropriate for the given concentrations recorded. Please note if the engineered cover system of 350mm thickness is adopted this will need to ensure there is no potential for end users to encounter the underlying soils, i.e. anti-dig layer or puncture-resistant membrane.

I am satisfied this will address the condition for the site investigation and remediation strategy. Following completion of the remediation works in the rear garden, a verification report should be submitted for approval, detailing the measures undertaken in line with the remediation strategy."

Declaration

I / We hereby apply for Approval of details reserved by a condition (discharge) as described in this form and accompanying plans/drawings and additional information. I / We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine options of the persons giving them. I / We also accept that: Once submitted, this information will be transmitted to the Local Planning Authority and, once validated by them, be made available as part of a public register and on the authority's website; our system will automatically generate and send you emails in regard to the submission of this application.

I / We agree to the outlined declaration

Signed

Matthew Wardell
