Proposal: External alterations of refurbishment to ground floor front and side facades including tiling, lighting and glazing and associated works.

Drawing Nos: 01; 03 (Rev E); 12; 13 (Rev B); 14 (Rev B); JTS/7132/01; Planning and Heritage Statement (dated 24/02/23); Materials Palette - Rocket (dated 22/02/2023)

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans

01; 03 (Rev E); 12; 13 (Rev B); 14 (Rev B); JTS/7132/01; Planning and

Heritage Statement (dated 24/02/23); Materials Palette - Rocket

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

The Rocket is a Grade II listed pub dating from 1899. It is not located in a conservation area.

The proposals comprise external alterations including removal of existing extraction fans and replacement with glazing to match the existing on the building to the front and side elevations, re-skinning existing awnings, and tiling on the entrance steps. The lobby and existing lighting positions are to be retained and there are no new lighting positions proposed. Revisions were secured to omit the proposed glazed tiles to the external parapet and planters, and additional information was provided for the proposals to replace the four existing awnings, install internal heaters, and new decoration to fascia level. The revised proposals are considered acceptable in terms of detailed design and are considered not to result in undue harm to the special architectural and historic interest of the host listed building.

Given the nature of the refurbishment alterations, the proposals would not cause any adverse impacts on the amenity of adjoining residential occupiers in terms of loss of light, outlook or privacy.

Special regard has been attached to the desirability of preserving the listed building, its setting and its features of special architectural or historic interest, under s.66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1, D2 and D3 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings.
