

PLANNING

KEY

- Indicates Existing structure, walls & other building fabric to be retained, made good and redecorated, unless otherwise noted
- Indicates original fabric to be demolished. Refer to structural engineers information for extent of structural alterations to indicated areas
- Indicates non structural elements that need to be removed / demolished

- Indicates areas of structural openings to be carefully created within existing slabs in line with approved risk assessment and approved method statements
- Indicates areas of external floor finishes to be stripped back in line with approved risk assessment and approved method statements
- Indicates new walls and any other new construction elements

Schedule of Works Key:

to be read in conjunction with schedule 383(SL) Listed Building Consent Schedule of Works, section 03, sheet 420

01	03.420.01 - Existing ground floor single glazed timber sash window to be removed
02	03.420.02 - Existing high level single glazed timber basement window to be removed
03	03.420.03 - Existing solid masonry wall to be removed carefully below window and bricks retained for future use
04	03.420.04 - Existing concrete lintel to be removed at head of basement window
05	03.420.05 - Existing chamfered brick cill to be retained
06	03.420.06 - Existing kerbstone and concrete floor finishes to be retained

07	03.420.07 - Existing tarmac surface to be removed
08	03.420.08 - Existing electrical conduits to be removed
09	03.420.09 - Existing rainwater pipe to be replaced
10	03.420.10 - Existing window blocking timber panel to be removed
11	03.420.11 - New penetration to be formed in existing slab for new ductwork
31	03.420.31 - New PPC aluminium curtain walling with frosted glass in existing structural opening, colour: white
32	03.420.32 - Chamfered brickwork to be retained and covered with new PPC aluminium cill pressing to top of retained chamfered brick cill, colour: dark grey
33	03.420.33 - Existing kerbstone to be retained with new tarmac finish to be installed

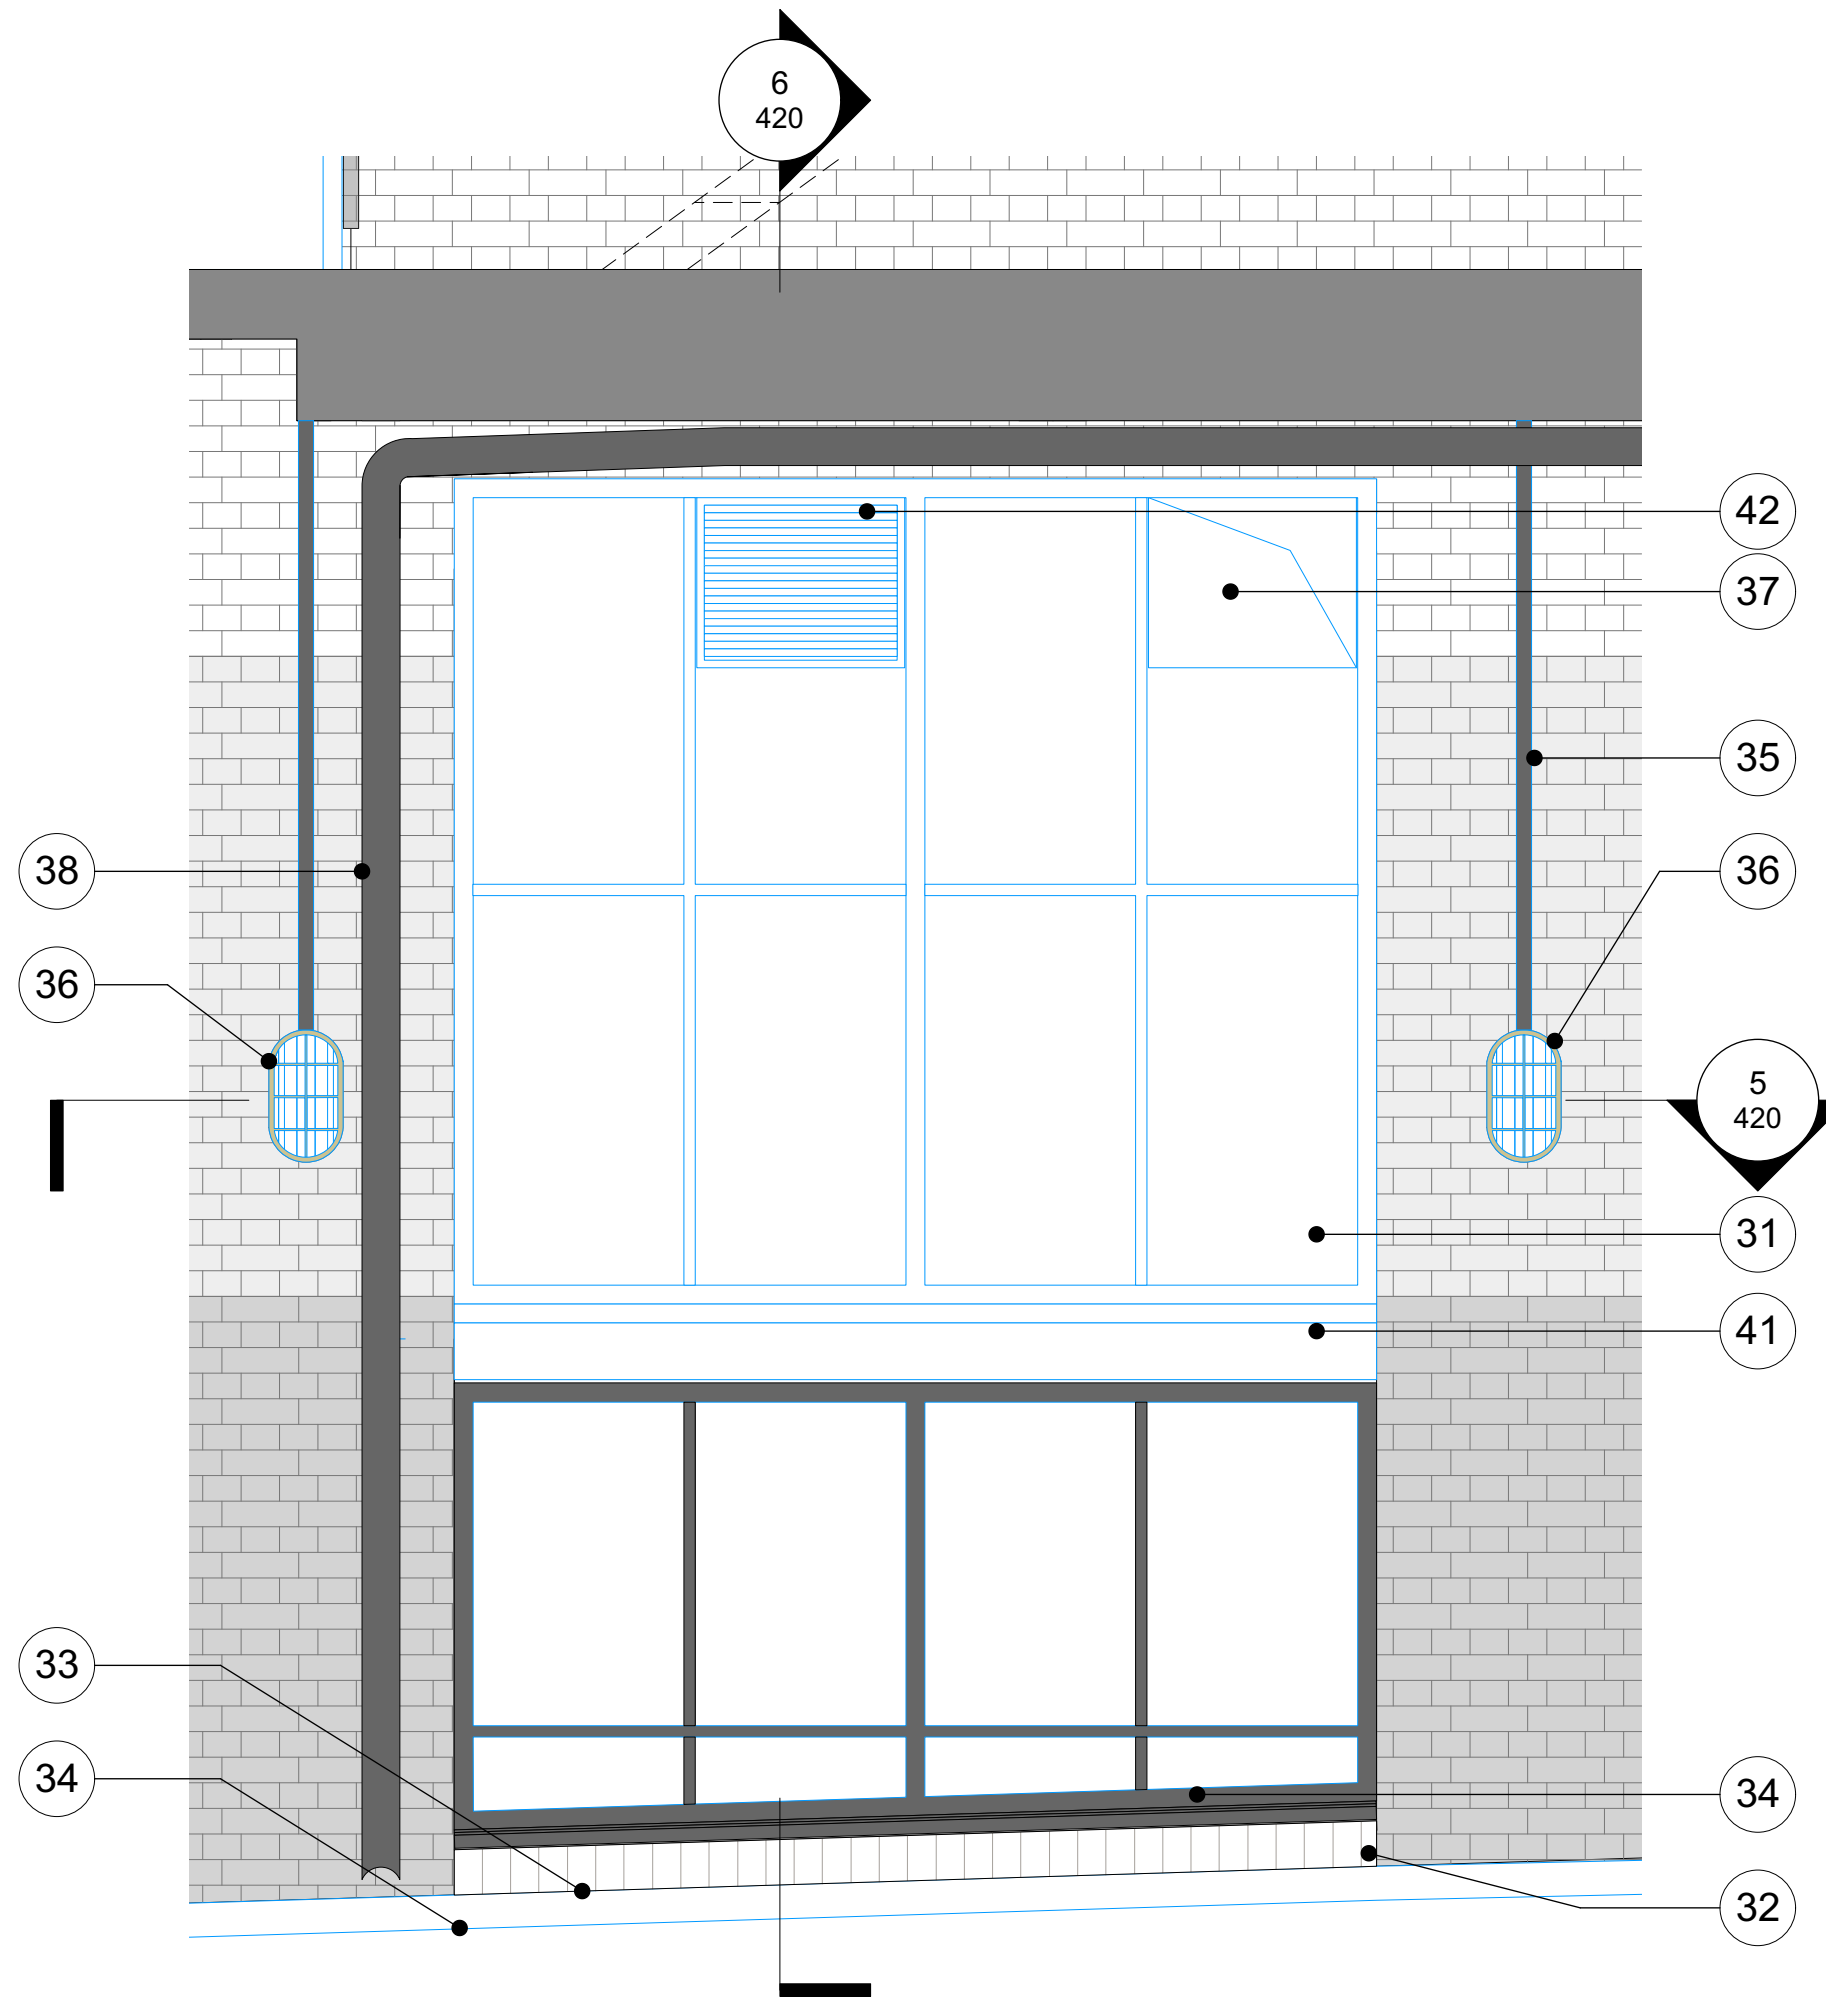

34	03.420.34 - New coloured tarmac surface to be installed for cyclists access route
35	03.420.35 - New galvanised electrical conduit to be installed
36	03.420.36 - New external wall lights to be installed
37	03.420.37 - New ducts to penetrate through ground floor slab and new curtain walling
38	03.420.38 - New redirected rainwater pipe
39	03.420.41 - New steel frame to structural engineers specification
40	03.420.40 - New trimming steel to structural engineer's specification
41	03.420.41 - New lintel to support new curtain wall
42	03.420.42 - New louvre for extract
