2022/0528/P	Manoj Bahl	07/03/2023 14:44:33	COMMNT	<p>This scheme is a monstrosity and we, the residents, wholeheartedly object to it.</p> <p>The proposed heights and massing/density are not in keeping with the neighborhood and there is inadequate provision in terms of community facilities and infrastructure to support a development of this size.</p> <p>The neighborhood is being subjected to a constant stream of large redevelopment by the Council planning committee which are ruining the community and causing disruption. The impact of the 15 year construction programme will be unbearable as will the end product.</p> <p>The loss of the O2 will be a huge blow to our neighborhood and Land Securities are running down and ultimately extinguish a well used facility by the whole of the community. the gym, cinema, shops and what is left of the restaurants are a key hub for the community. In addition the car park is essential to the area as there are a number of families and those who are less able who need to use it. This can be clearly seen by the fact that the car park is full on a daily basis.</p> <p>I and we urge you to reject this application as it is totally out of character and lacks any context for our community.</p>
