Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
The Pryors
Flat 31
East Heath Road
London
Camden
NW3 1BS

Proposal:

The proposed work is a replacement of 6x single-glazed windows with 6x new slim lite double-glazed timber framed casement windows.

Drawing Nos: A1000a; A1110a; A1010a; A1111a; A1112a; PA3010a; PA3111a;
PA3110a; L12183 REV B; PA3112a

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: A1000a; A1110a; A1010a; A1111a; A1112a; PA3010a; PA3111a; PA3110a; L12183 REV B; PA3112a.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 2 Reasons for granting permission/consent-

The proposed windows match as closely as possible the previous windows in terms of materials, colour, design, opening methods and proportions. There is some degree of increased thickness to the glazing bars in order to accommodate the double-glazing panes; however, in this instance, the use of suitably designed units are considered to be an appropriate and sympathetic change which preserves the character and appearance of the host building and the wider Hampstead Conservation and Neighbourhood Areas.

It is also noted that there have been several approvals in recent years to carry out similar proposals in the building. In sustainability terms, double glazed units are noted as having the potential to reduce energy costs, provide more thermal efficiency and insulation, offset the need for powered heating and so help reduce carbon emissions, and allow for passive flow of ventilation.

There are no amenity concerns as the proposed windows would replace existing windows.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Hampstead Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Area) Act 1990 as

amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies A1, D1, D2 and CC1 of the Camden Local Plan 2017, policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018, the London Plan 2021 and the National Planning Policy Framework 2021.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:
