Historically a number of mews buildings have been extended with additional storey at roof level, no. 27 opposite the site being the most recent one. As such, the additional floor level should be acceptable in principle, however its design and overall shape and form requires further work to be supported by officers.

- The parapet line of the existing building and adjacent one with no. 2 should be maintained. The additional floor should appear as a subservient addition to the host building by reducing its height and scale. Its design should be more in keeping with the existing building, and less prominent to not draw attention to it from the setting of the listed building to the rear. Larger proportions of glazing should be included to the front and less to the rear given the close proximity to Grade II listed buildings. The structure should read as an extension to the host building as seen from front and rear.
- The proposed materials should be more in keeping with host building and less contrasting.

No objection is raised to the ground floor extension in terms of its bulk and scale.

The proposed works to the front elevation with the façade/fenestration treatment are not supported, given lack of contextual design with the host building and neighbouring ones.

The introduction of timber panels and louvres along the entire length of the front elevation would not respect the character of the mews and therefore the ground floor design and treatment needs to be broken up to include exposed brickwork and glazing to reduce the extent of horizontal band of timber.

The proposal should increase the biodiversity of the site through new soft landscaping to front and rear garden, roof and terraces. Provision of bat and bird boxes within the fabric of the building is encouraged.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes
- No

Is any of the land to which the application relates part of an Agricultural Holding?

Yes

No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
