From:
THE HEATH & HAMPSTEAD SOCIETY

This application proposes a large basement, larger rear dormer and a larger rear extension. The existing rear terrace is reasonably sized and close to the existing house. However the proposed terrace at the rear is one storey above adjacent gardens, very large and projects out from the house into the garden area. Dining and partying on this large terrace, particularly during the summer, will create both noise nuisance and overlooking of surrounding gardens and windows even if visual barriers are placed at the sides.

Please reject, unless the terrace is removed.
